GREETINGS FROM DON'S DESK

This greeting should find you well in to the 2019 New Year. By now I am sure that you are making plans for the spring and summer. New purchases, selling surplus assets, or even what summer holiday you want to pursue.

Thank you to all our past customers and loyal friends for your faithful support and patronage over the many years. Montgomery Auction Services Ltd. is now operating in its 31st year. How time has flown. We are now part of the "old boys on the block".

Things are changing fast in the auction industry. Internet and social media has facilitated this change to occur very rapidly. Our tried and true methods of advertising is no longer as effective. Newspapers are no longer doing the job they used to. Flyers distributed by the shotgun method don't work. You as buyers and sellers can assist us by making sure we are including you in our internet marketing campaigns by making sure we have a current email address to reach you with. You can do this by simply going to www.montgomeryauctions.com and having your name and address added to the mailing list. You can also like us on Facebook to receive our daily posts.

Montgomery Auction Services Ltd. is working hard to stay abreast of the changing media and marketing methods. If you have noticed we are using an internet platform to support many of the light industrial and commercial auctions already. We are now doing a few timed auctions with positive results. With the support of our sellers and buyers Montgomery Auction Services will be doing more and more of them as the buying public demands it. It is possible to sell your assets without you even having to bring them to the yard or wait for a regularly scheduled auction. We will continue to keep you posted on all our auctions as they come up. Our 2019 auction calendar is filling quickly, please contact us to book your items for sale or auction. Our spring consignment auction is coming up on April 27. We will begin taking equipment after March 15. This auction is always the largest and strongest auction of the consignment auction season. Let us know early what you have to sell so we can get it up on the website and don't wait to the last minute to get it in. Again thank you for your business. We are looking forward to working with you in 2019.
